Aims and Scope — It is the policy of *Alcohol and Alcoholism* to publish papers in English on biomedical, psychological and sociological aspects of alcoholism and alcohol research, provided that they make a new and significant contribution to knowledge in the field and areas thereof concerned. Papers may include new results obtained experimentally, descriptions of new experimental (including clinical) methods of importance to the field of alcohol research and treatment, or new interpretations of existing results. Theoretical contributions, particularly in the areas of sociology and psychology, will be considered equally with papers dealing with experimental work provided that such theoretical contributions are not of a largely speculative or philosophical nature.

Submission of Manuscripts — Manuscripts (including those from Australia and New Zealand) should be sent to the Editor, Dr Allan D. Thomson, and manuscripts from North America should be sent to either Professor M. F. Sorrell or Professor D. J. Tuma. Manuscripts from South-East Asia (including Israel) should be sent to Professor K. Kuriyama. Addresses are given above. Before preparing their contributions, authors are requested to study the Instructions to Authors which are published in each issue of the Journal. (Copies of these instructions are available from the Editor.)

Annual Subscription Rates (1990) — Published six times per annum.

Annual institutional subscription rate (1990) DM 430.00 (including postage and insurance). Two-year institutional rate (1990/91) DM 817.00. *Specially reduced rates to individuals*: Individual members of the Medical Council on Alcoholism may subscribe at the much reduced rate of £17.00 per annum. Also, any individual whose institution takes out a library subscription, may purchase a second or additional subscription for personal use at a much reduced rate of DM 100.00. Subscription enquiries from customers in North America should be sent to the New York office and from the rest of the world to the Oxford office (see below for addresses).
